

An Garda Síochána

Monthly Report to the Policing Authority

In accordance with Section 41A of the Garda Síochána Act 2005 (as amended)

March 2017

1 Finance

- Under the 2017 Revised Estimates Version (REV) a net expenditure budget of €1,505.9 million was allocated to An Garda Síochána which represents a 4.5% or €64.4m increase on the 2016 REV allocation.
- An amount of €9.344 million was carried over from 2016 under the capital carry over provisions to meet costs arising under the Capital Building Programme in 2017. The requirement for the carry over is due to the delay in the commencement of certain projects.
- Payroll costs have increased this year due to the impact of the Garda Pay Deal following the Labour Court Recommendation last December.

Estate Management

Garda Síochána Capital Investment Programme 2016-2021

Work with the OPW is ongoing to develop proposals to improve accommodation at a number of Garda Stations, for example, Glanmire, Bailieboro, Bridewell (Dublin), Portlaoise, Newcastlewest and others included in the Capital Investment Programme 2016-2021.

The contract for the development of a custody suite at Henry Street Garda Station was awarded on 9 March 2017 and the works are due to commence in April 2017. Tenders for the refurbishment of Tralee Garda Station were returned on 10 February 2017 and are being assessed by the OPW.

Tender Documents

Tender documents are currently being prepared, with a view to being issued in Q2 and Q3 of 2017, for works in Athlone, Ballinasloe, Carlow, Longford, Stradone, Co. Cavan (Specialist Victim Interview Suite), Transaer House, Dublin Airport (Garda Station and facility for Garda National Immigration Bureau).

Analysis of Fleet Greater than Six Years Old

The replacement policy for motor vehicles is the earlier of 10 years or 300,000 kilometres subject to economic repair.

The fleet has 854 vehicles (30%) over 6 years of age (of which 428 are over 10 years old). Of these, 239 are as follows; 141 Vans, 57 4x4s and 41 other - these vehicles have longer life expectancy as they have been allocated to operational duties which do not incur high annual mileage. A further 206 are cars allocated to National Units which again have lower mileage duties and are expected to have a longer operational life than regular patrol vehicles.

Given the foregoing, An Garda Síochána is not facing a "cliff face" replacement challenge in the near future as these vehicles will be replaced in the normal course of events at the appropriate time.

Procurement

Interpretation and Translation Services

• The compilation of 2016 statistical data on the key languages and levels of usage of interpretation services is near completion for a 24/7 interpretation service.

Facilities Management

- The Procurement Section is working on a requirements document for commercial cleaning services which will be sourced from Office of Government Procurement (OGP) Framework members.
- A tender competition for additional accommodation and class room facilities was recently completed and is at the 16 day standstill stage following the conclusion of the evaluation.

Defence and Security

• Sanction has been received from Department of Public Expenditure and Reform (DPER) to go to contract for a maintenance service for two EC 135 helicopters with preferred bidder following OJEU (Official Journal of the European Union) tender.

2 Human Resources and People Development (HRPD)

- The current Garda strength is 13,061 and civilian strength is 2009.832 (whole-time equivalent). A full breakdown by rank and grade is outlined at Appendix A.
- The Garda Trainee recruitment campaign continues and there are 547 Trainees in the Garda College at the end of February and 149 attested during the month of February.
- It is anticipated that retirement numbers for this year will reach approximately 300.
- Work on bringing in the additional sanctioned civilian personnel is continuing and the Executive Director level posts will be advertised by PAS at the end of the month. Appointments to the remainder of the posts are progressing from both internal and external panels.
- €8m has been provided in the 2017 Garda Pay Budget for the recruitment of 500 civilian staff this year.

Modernisation and Renewal Projects

Enterprise Content Management (ECM): ICT is implementing an ECM solution which will replace the File Share and future proof An Garda Síochána's content management requirements. The project is complete from an ICT perspective with work ongoing on finalising the end-user training approach to support the rollout of the ECM solution. The Classification and ECM Usage Policies are also pending sign off.

PRÜM¹: Contracts have now been signed and ICT is in the process of mobilising a team. The project upon commencement is expected to take between 9 and 10 months to complete.

Schengen: A project commencement date of early April is currently being agreed. The total project duration is expected to be 18-24 months.

4 Corporate Communications

Streetwise Public Awareness Campaign

Based on Garda analysis, a public awareness campaign targeting people aged 18 to 39 years was launched at the beginning of March 2017. The campaign reminds people to be more mindful of their personal safety and their property when out socialising.

A widespread advertising campaign for one month has included digital media, public houses and bus stops and rail stations. Digital media advertising appears at times when people are preparing to go out for the night. The impact of the advertising campaign will be evaluated using the Public Attitudes Survey.

¹ Prüm Convention: sometimes known as Schengen III Agreement is a treaty, signed on 27 May 2005 by Austria, Belgium, France, Germany, Luxembourg, the Netherlands and Spain in the town of Prüm in Germany and which is open to all members of the EU, 14 of which are currently parties. The convention was adopted to enable signatories to exchange data re. DNA, fingerprints and vehicle registrations of concerned persons and to cooperate against terrorism.

Operation Thor Media Coverage Analysis

Analysis of the impact of press coverage relating to Operation Thor between February 2016 and March 2017 by Kantar Media has found that:

- The media coverage achieved between February 2016 and March 2017 was worth €3.7m AVE (Advertising Value Equivalent) across all media citing Operation Thor. (Press €1m, Broadcast €440,000, Online - €2.2m).
- 81% of the coverage was positive largely driven by coverage of successes of Operation Thor in arrests and seizures. This coverage also tended to outline the purpose of Operation Thor in reducing crime. 18% was Neutral and just 1% was Negative. This compared to 18% Negative coverage for November 2015 to January 2016.

Launch of Freephone Line for Victims of Child Abuse

There was significant coverage for the introduction of a 24/7 Freephone Line for Victims of Child Abuse. The launch was supported by NGOs working in the area. The Freephone line was publicised through the Garda Síochána Portal, interviews with the Garda Protective Services Bureau, the Garda Síochána website and Garda social media.

TV3 Ireland:am Crime Prevention Slot

An Garda Síochána will have a monthly slot on TV3's Ireland:am to outline key crime prevention messages. The first piece was broadcast in early March on the Streetwise Public Awareness Campaign.

Digital communications

The total social media audience is now approximately 540,000 which is the largest in the public sector. A pilot of the Tipperary Division Facebook was advanced with the aim to go live in March/April. Re-development of the Garda Síochána website is ongoing.

5 Crime Trends

Overview

Incidents of non-violent property crime (burglary, theft) continued to decrease in February 2017, but there was a slight increase in incidents of violent property crime (robbery) recorded. Total property crime continues to trend downwards in the latest three month and year to date comparisons. Minor assault incidents also decreased this month. Recorded sexual offences decreased in the latest three month comparison with December 2015 to February 2016. Fatal traffic collisions are running lower in the latest three month and year to date comparisons.

Note: Crime figures and the associated trends above are based on provisional data. The CSO publications represent the official crime statistics. These are carried in the CSO's quarterly publications of crime trends and in the annual reports.
